

Hinged Door Strike Solutions

Altus

Designed for Altus aluminium joinery, Schlage adjustable strikes provide a seamless fit and allow fabricators to easily optimise door latching and weather-seal compression. Engineered to engage each platform's critical locking features in line with their design intent, the configurable range suits the most popular Schlage locks and aluminium frame profiles.

Features

- Strike solutions for residential suites:
 - Tasman35™
 - Southern41™
- Strike solutions for commercial suites:
 - Atlantic48™
 - Pacific52™
- Strike can be configured in multiple ways to pair with:
 - Residential mortice locks
 - Deadlatches
 - Deadbolts
 - Commercial mortice locks
