

Hinged Door Strike Solutions

FMI

Features

Designed for FMI aluminium joinery, Schlage strikes provide a seamless fit and allow fabricators to easily optimise door latching and weather-seal compression. Engineered to fully engage the critical features of each locking platform as intended, the range is compatible with the most popular Schlage locks and aluminium frame profiles.

- Strike solutions for FMI's XPS Series, TL40 frame jamb.
- Strikes can be configured to pair with residential and commercial locks and latches.

Allegion warranties
